Jitney Line to Norwich—Mayor Dunn have their eyes on the championship May Call Special Meeting to Discuss of this section, and are in a fair way to attain it. Fire Appropriation — Successful Dance Held by Striking Moulders.

With a jitney line to Norwich and another to Hartford, and with half a dozen or more local jitneys, the man who does not care to walk finds it comparatively easy to get anywhere he wants to. On the nights of band concerts, and dances at Lakeside park, the jitneys do a thriving business, and all express themselves as pleased with the amounts coming in. The fact that there is but one trolley line in the oity, and none at all to many surrounding places, has a great deal to do with the dimes picked up by the drivers. Two owners have banded together, and now have a telephone near gether, and now have a telephone near the center of the city, so that they can be reached at all times. Quite a num-ber patroniza the Hartford service, and it is probable that the car run-ning to Norwich will also pick up con-siderable business siderable business.

To Discuss Fire Appropriation. It is probable that Mayor Dunn will call a special city meeting for a week from Monday night, Aug. 23, to de-cide whether the voters wish to ap-propriate the sum of fifteen hundred dollars for the use of the fire depart-ment. A motion authorizing and directing the meeting was passed at this recting the meeting was passed at this week's meeting of the common council. Most of the appropriation is desired for additional hose, and for repairs to the house of the Montgomery Hose Company on Jackson street. Mayor Dunn has not definitely decided on the night, but will probably pick the one stated for the meeting.

Strikers Held Dance.

The dance held under the auspices of the striking moulders from the Vanderman Company took place in the town hall Friday night, and there was a goodly number in attendance, the hot weather not acting as a determent to the dancers. Many tickets were sold in town to sympathizers with the union men, and a considerable sum was realized for the pur-poses of the union. Hickey's orches-th furnished music for the dancing, which was enjoyed until a late houur.

Final Meeting of Registrars. The last meeting of the registrars of oters in preparation for this fall's elections was held at the office of El-mer M. Young on Church street Friday, and a number of persons took advantage of the fact to have their names put on the lists.

House and Barn Destroyed.

Morris Silverstein of Leonards' Sridge was the sufferer from a fire which destroyed his house and barn late Thursday night. The fire was dis-covered about eleven o'clock, but gained headway rapidly and the buildings were soon a total loss. No insurance was carried on the contents of the buildings, but the sum of three hundred dolars apiece was carried on the buildings, through the local agency of J. B. Baldwin. It is not known how the fire started.

Touring Car and Truck Came Together in Elm Street-Occupants of Car Thrown Into Street and Three Were Injured-William Fallon, Fall River Youth, Drowned in Hogg Quarry Hole-Body Not Yet Recovered,

The big touring car owned by William D. Hoxle and driven by Louis La Fountaine and the small auto truck driven by Frederick Roberts and owned by B. Courtland Bentley were in collision Friday in Elm street, near the head of Broad street. The mishap occurred practically in the center of the highway. It is alleged that both machines were moving slowly, yet, the impact was of sufficient force to bend the fender of the Hoxie car and to force the body of the auto truck from lits place. Besides Mr. Roberts in Bliven truck were Mrs. Bliven and two sons and a daughter, small children, and two barrels of potatoes. The occupants of the Bliven car were thrown to the ground and Mrs. Roberts, her son Douglass and the little daughter suffered injuries, but Mr. Roberts and the other son escaped.

The mishap occurred only a short distance from the residence of Dr. John Champlin, but the doctor was not at home. Mrs. Champlin had Mrs. Roberts and the injured girl and boy brought into her house. Just as that time Dr. Farnham, a physician of New York city, happened along in his automobile and gave the injured first aid and then recommended that the physician of the Roberts family take charge of the cases. My face broke out with
pimples and they itched
and burned so that I was
obtiged to scratch. The
irritation was so great that
I could not sleep at night obliged to scratch. The irritation was so great that I could not sleep at night and my face was disfigured.

"I tried all kinds of continent without any result but was recommended by a friend to try Cuticura Soap and Oistment. They stopped all itching, left no disfigurement and gave me perfect ease and sleep. I used them for six weeks and my face is now as cleer as can be." (Signed) Miss Bertha Chace, August 1, 1914.
